

NorthWest Carrollton is bounded by Earhart-Carrollton-Claiborne-Leonidas

To: Community Visions Unlimited
Re: Recommendation

July 20, 2015

To Whom It May Concern,

Upon learning about the signal box painting program, initiated by Community Visions Unlimited in various neighborhoods in New Orleans, the board of Northwest Carrollton immediately saw the potential for this project in our small neighborhood. We contacted CVU, and within the month a prominent signal box in our area was transformed from eyesore to art.

The signal box at Apricot St. and Carrollton Ave., before painting by CVU, was a magnet for miscellaneous fliers, graffiti and vandalism. It is now both an attractive asset for the community and a source of pride for the neighborhood.

In conjunction with the artist, CVU did a wonderful job of coordinating the look of the final project with interested neighborhood participants, and managing the preparation and production of the final artwork.

Northwest Carrollton wholeheartedly supports this project, and hopes that further funding is provided to expand it to other neighborhoods throughout New Orleans.

Sincerely,

The Board of the Northwest Carrollton Civic Association:
Jenel Hazlett, Debi Theobald, Scott Andrews, Tom Pyburn, & Mario Dipietrantonio
